I do several pages at a time and then connect the dots to create the boxes. I even treat this like doing a Zentangle®️, making all the lines in one direction first, then turning the notebook and doing the lines in the next direction, and so on.

Organize Your Patterns Â« TanglePatterns.com

Welcome. I love Zentangles®️. And I love to see what others are doing with this particular art form and method. Thus this blog was born with the lofty goal of providing an index and guide to the tangle patterns found online. A one-stop reference if you will, for those of you who are like me and need to know "how to do it".

The depths and heights in the chart need a plane of reference: the chart datum (CD). Depths are usually described with respect to low water reference planes (yielding lower charted depths, which are safer), and heights are shown with respect to high water reference planes (again, yielding lower vertical clearances on the chart, which are safer).
