The grammar of Old English is quite different from that of Modern English, predominantly by being much more inflected. As an old Germanic language, Old English has a morphological system that is similar to that of the hypothetical Proto-Germanic reconstruction, retaining many of the inflections thought to have been common in Proto-Indo-European and also including characteristically Germanic ...

## **Old English grammar - Wikipedia**

The earliest edition as seen on Google books was released in 1985. This release contained 379 pages and had an ISBN of 9780521287234. A well-known edition of the book is the second edition, which was released in 1991 and had an ISBN of 9780521336833. Most recently the fourth edition was released. Many other reprints of these three main editions have been published.

Introduction. Speakers of American English generally use the present perfect tense (have/has + past participle) far less than speakers of British English. In spoken American English, it is very common to use the simple past tense as an alternative in situations where the present perfect would usually have been used in British English.
