group dynamics in occupational pdf

Group dynamics is a system of behaviors and psychological processes occurring within a social group (intragroup dynamics), or between social groups (intergroup dynamics). The study of group dynamics can be useful in understanding decision-making behaviour, tracking the spread of diseases in society, creating effective therapy techniques, and following the emergence and popularity of new ideas ...

One of the most critical skills that occupational therapists must learn is effective documentation. With that idea in mind, Documentation Manual for Occupational Therapy: Writing SOAP Notes, Fourth Edition presents a systematic approach to a standard form of health care documentation: the SOAP note. The clinical reasoning skills underlying SOAP note documentation can be adapted to fit the ...
