2nd edition: Social Media: A Critical Introduction

Comparing Media Systems: Three Models of Media and Politics (2004), by Daniel C. Hallin and Paolo Mancini, is a seminal study in the field of international comparative media system research. The study compares media systems of 18 Western democracies including nine Northern European countries (Austria, Belgium, Denmark, Finland, Germany, the Netherlands, Norway, Sweden, and Switzerland), five ...

This research was generously funded by the Knight Foundation. Executive Summary As the discussion surrounding misinformation and polarization takes center stage, one space that has been largely overlooked is the Chinese media sphere within the United States, where questionable content has garnered a loyal following among Chinese-speaking immigrants.

WeChatting American Politics: Misinformation, Polarization

In a political environment defined by widespread polarization and partisan animosity, even simple conversations can go awry when the subject turns to politics. In their in-person interactions, Americans can (and often do) attempt to steer clear of those with whom they strongly disagree. But online social media environments present new challenges.

Americans, Politics and Social Media - Internet & Technology

The politico-media complex (PMC, also referred to as the political-media complex) is a name that has been given to the close, systematized, symbiotic-like network of relationships between a state's political and ruling classes, its media industry, and any interactions with or dependencies upon interest groups with other domains and agencies, such as law (and its enforcement through the police ...
