Python for biologists is different. Python for Biologists came out of my ten years of experience teaching programming to people with a biological background.Iâ€™ve taught everyone from undergraduates to PIâ€™s, and have designed the books for people just like you.

Python books â€" Python for Biologists
Python has two basic modes: script and interactive. The normal mode is the mode where the scripted and finished .py files are run in the Python interpreter. Interactive mode is a command line shell which gives immediate feedback for each statement, while running previously fed statements in active memory.
