

the cold war superpower pdf

The Cold War was a state of geopolitical tension between the Soviet Union with its satellite states (the Eastern Bloc), and the United States with its allies (the Western Bloc) after World War II. A common historiography of the conflict begins with 1946, the year U.S. diplomat George F. Kennan's "Long Telegram" from Moscow cemented a U.S. foreign policy of containment of Soviet expansionism ...

Cold War - Wikipedia

Superpower is a term used to describe a state with a dominant position, which is characterised by its extensive ability to exert influence or project power on a global scale. This is done through the combined-means of economic, military, technological and cultural strength, as well as diplomatic and soft power influence. Traditionally, superpowers are preeminent among the great powers.

Superpower - Wikipedia

The Cold War happened from about 1945 to about 1990. It was not really a war. It was a competition between the United States and the Soviet Union to see who would dominate the world.

CIVIL WAR:. In "Democracy after Civil War: A Kantian Paradox," New York University, November 16, 2002, Leonard Wantchekon presents a theory of "post-civil war democratization" which draws upon the model of political order among rational demons as well as sources from "classical political theory, contemporary democratic theory, and the state-building literature."
